## Worksheet 15.1 Carroll diagrams

Cut out the pictures of the pirates in the accompanying handout and sort them using the Carroll diagram below.

<table>
<thead>
<tr>
<th>Has a wooden leg</th>
<th>Does not have a wooden leg</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Has a parrot</strong></td>
<td></td>
</tr>
<tr>
<td><strong>Does not have a parrot</strong></td>
<td></td>
</tr>
</tbody>
</table>
Cut along the dotted lines.
BM 15.2 Venn diagram
Cut along the dotted lines.

Some pupils in a school did a survey that asked them whether they liked apples, bananas and/or oranges. The survey results were represented in the Venn diagram below. Look at the Venn diagram and write True or False for each of the sentences that follow.

(a) Ben does not like apples.  
(b) Ying likes oranges and apples.  
(c) 6 people like apples and bananas.  
(d) Hafiz does not like bananas.  
(e) There are 13 pupils at the survey.  
(f) Jill likes apples, bananas and oranges.
